Company Profile

1. Executive Summary

Cenime Auto Traders is a dynamic and growing vehicle and automotive solutions company established in 2020, specializing in the importation, sourcing, and distribution of vehicles, vehicle auto parts, body parts, and industrial machinery. Based on a strong understanding of the global automotive market, Cenime Auto Traders primarily sources products from Dubai and Japan through trusted third-party suppliers and partners.

Our business model is designed to provide reliable, cost-effective, and high-quality automotive products to meet the diverse needs of customers, including individual vehicle owners, workshops, garages, dealers, fleet operators, and industrial clients. Through a strong network of international suppliers, local logistics partners, and technical expertise, Cenime Auto Traders ensures timely delivery, competitive pricing, and customer satisfaction.

We are committed to building long-term relationships with customers and partners by offering transparency, professionalism, and consistent service excellence.

2. Company Overview

Company Name: Cenime Auto Traders

Year of Establishment: 2020

Nature of Business: Importer and Seller of Vehicles, Auto Parts, Body Parts, and Machinery

Core Markets: Dubai (UAE) and Japan

Business Model: Third-party sourcing and procurement

Cenime Auto Traders operates as a specialized automotive trading company focusing on sourcing high-quality vehicles and spare parts from leading international markets. Instead of direct imports, we collaborate with experienced third-party companies, exporters, and agents who handle procurement, inspections, and shipping.

This strategic approach allows us to minimize risks, optimize costs, and maintain flexibility in meeting customer requirements. Our customers benefit from global access to premium products without the complexities of international trade.
